

# Welcome to Volcano

We're a UK design partnership based in the East-Midlands, creating nice things to make you look nice.

## Our Process

We spend time to understand and define a clear vision for the project; exploring the most effective visual strategies and translating these into innovative yet functional design.

## Branding + Identity

Volcano provides infinite branding solutions for SME and Start-up companies to create that ever important first impression and business ethic.

## Web Design + Development

We develop great looking, dynamic and responsive websites designed to adapt to desktop & mobile devices. Full hosting, SEO and support packages are also available for all projects

THIS IS WHAT WE DO
